

VitaSIRO soloTM

CT/NG/TV/MG Assay

Detect and Defend with Cutting-Edge Technology

In a world where pathogens lurk undetected, safeguarding your health becomes paramount. Meet our revolutionary solution – VitaSIRO soloTM CT/NG/TV/MG Assay.

Our product utilizes state-of-the-art microfluidic channels to extract nucleic acids swiftly and efficiently, coupled with RT-qPCR technology for precise identification of *Chlamydia Trachomatis* (CT), *Neisseria Gonorrhoeae* (NG), *Trichomonas Vaginalis* (TV), *Mycoplasma Genitalium* (MG) from urine or vaginal swab samples.

Advantages:

Quick & Convenient Usage

Ready-to-use cartridge with only 1 minute of hands-on time.

Sensitive & Rapid Results

Sample to RT-qPCR results within 50 minutes, enabling testing and treatment within 1 hour.

Easy Storage & On-Demand Testing

Room-temperature storage for easy access and on-demand testing to lessen anxiety.

Ordering Information

Product Name	Product Code	Specification
VitaSIRO solo TM Instrument	PCRAC1101	1 Unit / Box
VitaSIRO solo TM CT/NG/TV/MG Assay	PCRAD1107 PCRAD1117	12 Test / Box 12 Test + 12 Dropper / Box
